ACT Budget delivers for Kambah

The Canberra Highland Society & Burns Club welcomes the 2016-17 Budget and is particularly pleased that the ACT Government is investing in much needed new outdoor space, lighting and landscaping at Kambah Village.

The Burns Club is a business in the vicinity of the Kambah shops on Marconi Street and expects the improved infrastructure to result in more opportunities for local business.

Canberra Burns Club president, Athol Chalmers said: “The growing Kambah community, of which our club is an integral part, will benefit from this new expenditure, as it will make the area much more pleasant for shoppers and club patrons.”

The Canberra Burns Club also welcomes the upgraded projections in the 2016-17 Budget, which reflects the Territory’s economic improvement and prudent fiscal management.

“We are especially glad to see stronger revenue projections, which if sustained, should encourage the Government to invest in more growth-boosting infrastructure. We are also encouraged by the Government’s upward revisions to the Territory’s economic growth rate which is good news for Canberra small businesses like the Burns Club,” Mr Chalmers said.
